

FILM CATALOG

MONTANA FISH & GAME DEPARTMENT 1974

JAN 20 1975

A limited number of color and some black and white 16mm films are maintained by the Department of Fish and Game in Helena. The seven department headquarters in the state also have small libraries of films. These may be borrowed without cost by organized groups and schools within Montana only.

SCHEDULING

Films are in heavy demand. Requests must be made at least two to three months in advance. To avoid disappointing the next user, it is necessary that the film or films be returned to the department immediately after the date it has been booked for showing.

CARE

Be certain the projectionist is a competent operator and the projector is in good order. The department has had expensive films returned in almost worthless condition because of damage suffered during projection.

KEY

DF-(department film)
WD-(Walt Disney film)
C-(Color film)
B/W-(black & white)

MONTANA STATE LIBRARY
930 East Lyndale Avenue
Helena, Montana 59601
